

Butterwick
Hospice Care

...because every moment counts

Butterwick Hospice in Stockton - Summary

Butterwick's Stockton hospice offers a warm welcome to patients and their loved ones.

For over a quarter of a century Butterwick Hospice in Stockton has been serving the people and communities of the Borough of Stockton on Tees.

Originally a day hospice in a converted house Butterwick in Stockton today operates from a purpose built hospice providing a range of services to patients and their families.

The Hospice in Stockton currently provides In-patient facilities for up to 10 patients and comprehensive day care services for up to 20 patients per day on four days each week.

One day each week the Day Care area is dedicated to bereavement care. Butterwick's skilled staff and volunteer councillors are on hand to advise, guide and support those who have lost loved ones.

The weekly drop-in sessions have become very popular and many people meet to give each other support and to plan and share events they enjoy together.

For more information on Butterwick's patient services and family support please follow the links below or on the left.

Would you like to help the Hospice? Go to the '[What You Can Do](#)' section and find out how easy it can be. Every £1 and every hour is important and makes a big difference.

For more information about Butterwick's patient services please contact [Carole Harrison, Director of Clinical Services](#)
